

AMEN- The Israeli Multiple Myeloma Association

Registration Form

Shalom

AMEN is an association that has become a home to the myeloma family in Israel. It is a place to learn, write, ask, give and receive recommendations, updates and find support. AMEN's aim is to serve the welfare of myeloma patients and their families. We invite you to register and join the association. There is no charge for registration.

The importance of joining AMEN

About 1500 myeloma patients live in Israel, almost one percent of the cancer patients in the country. Every registration strengthens our common fight for needed life saving drugs and treatments.

Don't stand alone!

From our experience, connections with experienced patients that understand and can give you and your family support while facing this new situation you face can be of keen importance.

Let us help you with the knowledge we have, and give you strength & hope.
